“ Leticia Le Bleu is one of the finest graphic designers with whom I have worked. I have observed her work and her career progression at Overstock.com over several years. I was so impressed with her work that I hired her as the principal graphic designer for my congressional campaign in 2014. When I returned to Overstock.com in 2017, Leticia continued to impress me with her professionalism and technical expertise. She is punctual and detail-oriented and highly skilled. On top of all that, Lety is a joy to work with. She is a team player who carries her weight and helps those around her succeed. I recommend her without reservation. She is an exceptional talent!
